## **DETAILED ACTION**

### ***Claim Objections***

Claims 2-4 are objected to because of the following informalities: line 2 is confusing in that it is unclear if applicant is referring to a "side" or "side panel".

Appropriate correction is required.

### ***Claim Rejections - 35 USC § 102***

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claim 14 is rejected under 35 U.S.C. 102(b) as being anticipated by USP 5,762,225 (Byrd).

Figure 1 shows a composter which comprises a main unit consisting of the main walls (12) which are closed by ends (18,20) and comprising a detachable side panel (52). The composter is designed such that it can be easily moved by rolling (col.7, lines 22-28).

Claims 14 and 15 are rejected under 35 U.S.C. 102(b) as being anticipated by USP 5,597,732 (Bryan-Brown).

Bryan-Brown disclose a rectangular shaped composter having 6 side walls (3 sets of parallel walls. A side panel (18) is designed to be detachably removed from the main unit and the container is equipped with wheels (20) so that the main unit can be moved by rolling.

***Response to Amendment***

The rejections in view of USP 5,322,793 (Yarnell) have been withdrawn. Yarnell does not teach or suggest "detachable side panels adapted to be detachably affixed to the main unit to form opposing walls on the first and third sides of the box and to be detachably affixed to the main unit to form opposing walls on the second and fourth sides of the box.

***Allowable Subject Matter***

Claims 1,6-12 are allowable over the prior art of record.

Claims 2,3,4 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.

As allowable subject matter has been indicated, applicant's reply must either comply with all formal requirements or specifically traverse each requirement not complied with. See 37 CFR 1.111(b) and MPEP § 707.07(a).

***Conclusion***

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not

Art Unit: 1744

mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
